Load-shed Schedule for KE territory

Loadshed is based on the proportion of losses on a feeder level, which are determined on the basis of theft of electricity and non-payment of bills. This is in line with the Government of Pakistan's National Power Policy and applicable across the country. KE conducts a periodic review wherein it evaluates the loss of each area and profiles it as high or low loss respectively. The schedule below is applicable from 5th August, 2026.

Time of the schedule below may slightly vary.
