TENDER NOTICE

K-Electric, Pakistan's only vertically-integrated power utility that manages all three key stages – generation, transmission and distribution – of producing
and delivering energy to its consumers, invites sealed tenders for Procurement/supply/service/job from its bidders as per details given below:-

PV Impact Assessment study

SR. #	Tender Reference Number	Item Description	Qty	Earnes Money/Bid bond
1	KE/DIST/03/26	**Hiring of services of Consultant for PV Impact Assessment Study** To support the continued integration of distributed generation (DG) systems without undermining the financial viability or technical stability of distribution companies, KE intends to commission a comprehensive study through an independent consultant or consulting firm. The study will focus on: a) Financial Impact – Assessing the effects on utility revenues, cost recovery mechanisms, and the implications for the current tariff structure. b) Technical Impact – evaluating the influence of DG on network performance, reliability, and the health of distribution assets; and provide gap analysis by comparing it with peer and international utilities. c) Policy and Regulatory Review – examining existing policies and regulatory frameworks, identifying gaps, and providing actionable recommendations to enable the safe, reliable, and sustainable integration of distributed generation. This shall adhere to Technical Limits in the applicable Grid Code for DG. Note: Consultants Required with demonstrated experience or engagement in similar studies with Pakistani DISCOs & network environments.	1 Job	NA
