1.0 PURPOSE:

The List of Approved Vendors for Distribution Materials comprises a carefully selected roster of pre-qualified suppliers authorized to provide materials, components, and services specifically for New Connection (NC) customers. This list ensures adherence to the highest quality, regulatory, and operational standards in line with KE's approved specifications. It serves as a strategic tool to streamline procurement processes, mitigate risks, and uphold the company's commitment to excellence and compliance across all operational levels.

2.0 INSTRUCTIONS FOR SUPPLIERS AND CUSTOMERS :

- Customers are advised to ensure that any material should only be procured against their notification numbers mentioned below.
- Suppliers to ensure that they must have approved and valid TE (Technical Evaluation) against below notification numbers.
- In case the validity of TE expires, suppliers to coordinate with KE Procurement Department for revalidation.
